

Oat Bran

Our Oat Bran is a bran product created during the grain-milling process and is naturally rich in fibre. The fine flakes swell quickly in the gut, creating a feeling of fullness and improving gut motility. This stimulates digestion in a natural way and supports gut health. Thanks to its mild taste, oat bran is most suitable for refining dishes.

We offer both a conventional version and an organic version.

Oat Bran is a versatile product that can be used:

- For baking bread or cookies
- In salad
- To refine muesli mixes

Ingredients:

100% Oat Bran

Nutritional values per 100g
